## Vision & Mission

### Vision

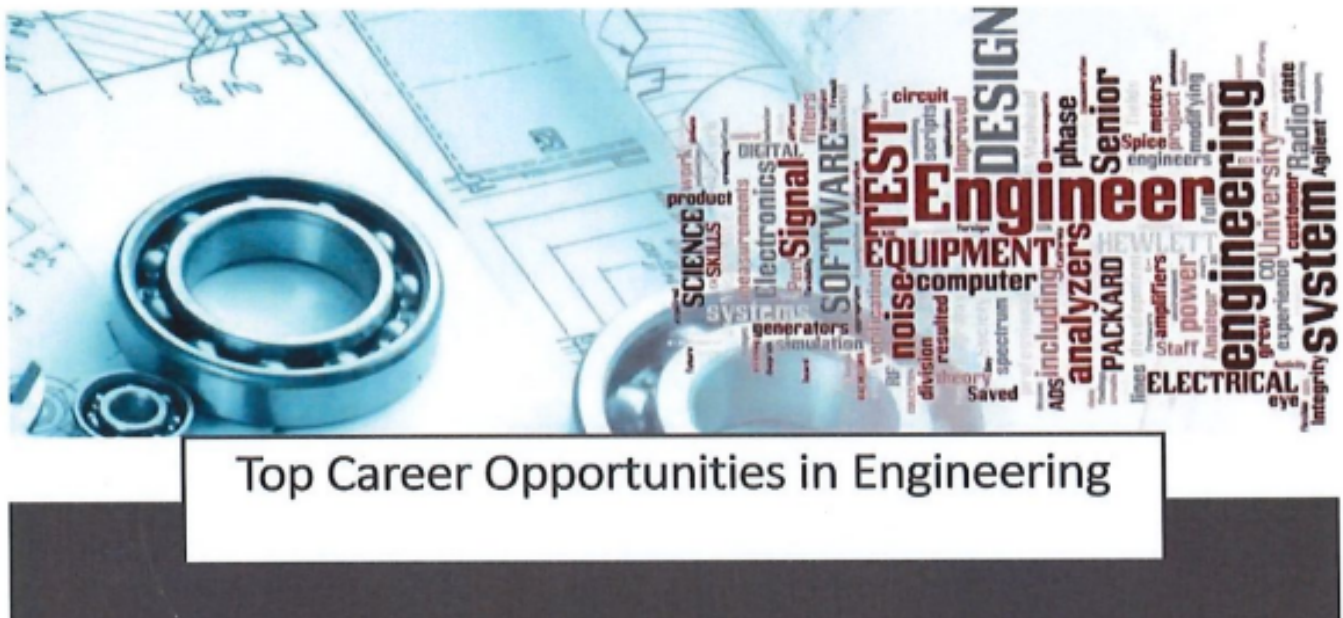

- To become a center of excellence in the field of Computer Science and Engineers.
- To produce competent, confident, innovative and socially responsible engineers with an ability to serve the society.

### Mission

- To impart high quality professional training at the undergraduate level with an emphasis on basic principles of Computer Science and Engineering.
- To pass on moral qualities and ethical values to the students.
- To empower the students with the required skills to solve technical problems of modern society.
- To make learning process exciting, simulating, interesting and exposing students to broad research areas.

## Career Guidance Programme

Training and Placement Cell committee organised a programme on “Career Opportunities for Engineers” on 14 September 2020. Our Faculty M Vineela, Associate Professor, CSE department, extended welcome note for the programme.

Mr T Arvind, explained the multiple career options in both public and private sectors such as banks, financial institutions, corporate houses, government departments. He opined that entrepreneurship is the best career option to create employment for showing one innovative and creative skills and for contributing to our GDP.
