### National Service Scheme(NSS) Committee

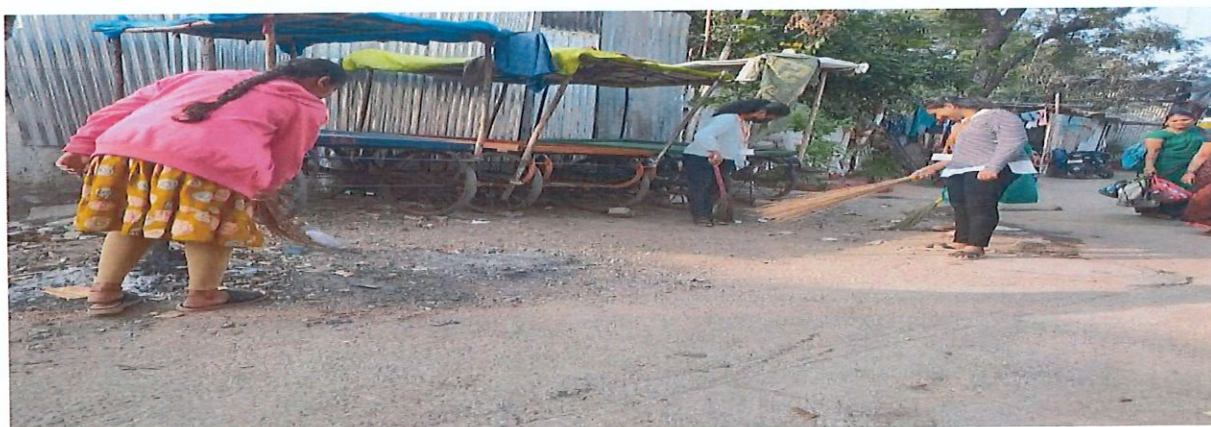

Date: 26.11.2019

#### Report on Swachh Bharat Programme conducted on November 25, 2019 in Vinay Nagar

On November 25, 2019, the NSS (National Service Scheme) committee of Bhoj Reddy Engineering College for Women undertook a significant initiative towards promoting cleanliness and hygiene in the nearby areas of Vinay Nagar through a Swachh Bharat programme. Forty eight students actively participated in the programme. The programme started at 11:00 AM. The programme was led by NSS Coordinator, Mrs. M Vineela, Associate Professor of the CSE Department and the programme aimed to enhance the general quality of life by advocating cleanliness, hygiene practices, and eradicating open-air defecation.

The Swachh Bharat programme encompassed various activities designed to address the core objectives of promoting cleanliness and hygiene. These activities included:

**Clean-up Drives:** Volunteers actively participated in cleaning nearby streets, parks, and public areas, removing litter and waste materials to improve the overall cleanliness of the surroundings.

## Report on Household Survey Conducted at Anmaspally Village on 15 February 2020

On 15th February 2020, as part of the Unnat Bharat Abhiyaan initiative, a household survey was conducted in Anmaspally village. The survey aimed to gather essential data regarding the living conditions, infrastructure, and socio-economic status of the village residents. The survey was organized by the UBA committee members, along with four faculty members and 48 students from various departments.

The survey team consisted of four faculty members, each representing a different department - Electrical and Electronics Engineering (EEE), Electronics and Communication Engineering (ECE), Computer Science and Engineering (CSE), and Information Technology (IT). Additionally, 48 students participated in the survey, with 6 from EEE, 18 from ECE, 12 from CSE, and 12 from IT.

The team commenced the journey from the college at 6:30 AM, traveling in a hired RTC bus and reaching Anmaspally village by 8:00 AM. Upon arrival, the team had breakfast and then coordinated with the Sarpanch to obtain necessary information about the village before commencing the household survey.

The household survey was conducted in an organized manner, with half of the houses surveyed by 1 PM, followed by the remaining half after lunch. Each household was meticulously examined to document details such as the number of members, sources of water and power, land ownership, and presence of livestock.

During the survey, efforts were made to raise awareness about environmental concerns, particularly the adverse effects of plastic usage. In line with this initiative, jute bags were distributed to each household, promoting the use of eco-friendly alternatives to plastic bags. The household survey was successfully completed by 3:30 PM, with comprehensive data collected for analysis and future interventions. The team demonstrated dedication and diligence throughout the survey process, reflecting a commitment to the goals of the Unnat Bharat Abhiyaan.

After concluding the survey, the team departed from Anmaspally village and reached the college by 5:00 PM, marking the end of a productive and fulfilling day of community engagement and service.
