THE INSTITUTION 'S ENVIRONMENTAL FRIENDLY POLICY

Introduction:

Our institution is recognized for its commitment to maintaining an "Eco-Friendly Campus," where environmental friendly practices and education collaborate to advocate for sustainable and eco-friendly behaviours both on and off campus. Embracing the green campus concept allows us to lead in reshaping our environmental culture by inculcating environmental ethics in our students and staff. Additionally, the college actively encourages a "Eco-Friendly" campus through the adoption, practice, and promotion of environmental friendly practices among our community, fostering eco-consciousness locally and globally. In order to maintain the College campus free from pollution, the following measures are required to be implemented with immediate effect.

Policy Scope:

The policies aims to introduce new co-curricular and extracurricular activities empowering students. They require a thorough review of infrastructure and administrative functions for energy efficiency and sustainability.

Key focus areas include:

- ❖ Clean Campus Initiatives
- ❖ Landscaping Initiatives
- ❖ Water Conservation via Rainwater Harvesting System
- ❖ Waste Management: Solid and E-Waste
- ❖ Awareness Initiatives
- ❖ Implementation of Energy Audit and Environmental Audit is also emphasized.

Telephone: 040-2453 1725 / 7282; Email: principal@brecw.ac.in; Website: www.brecw.ac.in

Policy Objectives:

Enhance resource utilization efficiency and effectiveness, particularly in energy and water usage, while minimizing waste production and maximizing waste recovery and recycling.

- ❖ Achieving a single use plastic campus environment.
- ❖ Conduct regular Environmental and Energy audits.
- ❖ Reduce paper usage in administrative processes.
- ❖ Preserve and safeguard ecological systems and resources on campus.

College Environmental Policy:

The institution is dedicated to managing its campus in alignment with its responsibilities to foster a sustainable environment.

Clean Campus Initiatives:

- ❖ The institution has committed to actively organizing cleanliness efforts within the college and surrounding areas, following the vision of the Swachh Bharat Abhiyan through NSS.
- ❖ Mass awareness campaigns on cleanliness and hygiene will be conducted among students and staff through regular cleanliness drives and rallies centred on Swachh Bharat Abhiyan themes.
- ❖ Encouragement will be given for staff and students to engage in campus cleanliness drives.
- ❖ Various events such as Poster and Slogan competitions, Essay Writing, Speeches, and Skits related to Swachh Bharat will be arranged.
- ❖ Rallies will be organized to raise widespread awareness.
- ❖ Commitment to waste management and maintaining a clean campus, particularly during college events, will be upheld.

Landscaping Initiatives:

- ❖ The campus landscape, akin to its buildings, represents the college's values and plays a crucial role in campus life, providing space for study, recreation, outdoor events, relaxation, and aesthetic enjoyment.
- ❖ Green campus landscapes contribute to managing runoff, recharging groundwater, and purifying and cooling the air on campus, serving as a visual testament to the campus community's dedication to sustainability.

Awareness Initiatives:

Promoting awareness and education are crucial to ensure that every member of the campus community understands and supports the objectives of the policy, aiding its successful implementation. The institution actively promotes and supports awareness campaigns, seminars, workshops, and other interactive sessions to facilitate the effective execution of an Eco-Friendly Campus, Energy, and Environment policies.

Implementation of Environment Audit:

The college is committed to regularly conducting Environment Audits of our campus to evaluate our strengths and weaknesses, furthering our sustainability goals. Green audits serve as valuable tools to identify areas of high energy, water, or resource usage, enabling the college to implement changes and achieve savings. These audits assess waste types and volumes, allowing for the adoption of recycling projects or waste minimization plans. They also promote health awareness and environmental values, offering insights into the impact of eco-friendly practices. Additionally, green auditing fosters financial savings through reduced resource consumption.

Single Use Plastic Free Campus:

Since its establishment, the institution has diligently managed solid waste. In alignment with the Government of India's decision to ban single-use plastics due to their harmful environmental effects, the college administration strictly prohibits the use of such plastics on its premises, striving to create a "Single Use Plastic-Free Campus." Through initiatives led by NSS and other clubs, the institution conducts awareness programs highlighting the detrimental impact of single-use plastics. It mandates students to refrain from bringing non-biodegradable plastic items to the campus, including bags, cups, plates, water bottles, straws, and sachets.

The canteen exclusively serves in paper plates and cups to progressively eliminating plastic usage. These measures are integrated into institutional planning and budgeting processes to promote the development of a clean and sustainable campus environment.
